

Welcome... Foot Locker recognises you as a valued business partner. Our goal is to enhance our relationship in order to move floor ready merchandise through our distribution channels in a cost efficient and timely manner.

In an effort to streamline our processing of merchandise through the supply chain and minimize the time from factory to sales floor, we have implemented a Vendor Standards Manual.

Highlights of the changes are as follows:

Section 3

- Elimination of our U43 Footwear sticker. The SKU, the price, and season code are no longer required on shoe boxes

This manual replaces all previously published manuals. The program is designed to monitor fulfilment of Purchase Order commitments, identify variances and communicate compliance. We will work with you to eliminate the root cause of the variances, resulting in a benefit to both parties.

Please review this material carefully and do not hesitate to contact us should you have questions. For additional copies please email Zane Dempster – Senior Director Supply Chain Ops zdempster@footlocker.com and we will provide you with access to the manual on our corporate website. We look forward to partnering with you on this important process.

Below are our operating divisions and their corresponding service centres:

Division	Division Number	Country	SC#	Service Centre
Foot Locker Australia Inc	24	Australia	02	Foot Locker Aust Inc c/- TCS 16 Terrace Place Murarrie, Qld 4172
